## Sports Day

Do you still remember the screaming of excitement?

Have you forgotten the tears of joy and those warm words of encouragement?

A time span of two years is long enough for some memories to fade away except for those really engraved ones and what relates to school's Sports Day is undoubtedly one of them. The Sports Day comes back to town!

After our principal Ms Tse's inspirational speech about sportsmanship and the oath of student representatives, teacher MCs announce the start of various track and field competitions.

Every student has an opportunity to let out their caged energy. Anyone would be amazed by our student athletes' performance and even some of them didn't win a prize, they still enjoyed the game and showed the spirit of 'Never give up'. The bonding between students themselves as well as teachers has been strengthened by competing, laughing, and supporting.

# HKSSF Sports Competition

The achievements made outside the school during Hong Kong Schools Sports Federation (HKSSF) season deserve a lot of attention. Our very fresh team members of the newly founded school volleyball team has attended their first HKSSF game. The aim this year is not to pursue championship but to accumulate more experience and nurture teamwork which is very essential to mature volleyball players.

Spotlight needs to be given to the basketball school team as well. Apart from advancing to knock-out stage of HKSSF, the team has brought back the 1st runner-up trophy of National Day Basketball 3 on 3 competition.

Our football team has savored their first victory by beating the opponent 6-0. According to the coach, Mr Li, they are very likely to march into the next stage. During the season, students from different

cultural backgrounds worked closely for a shared goal and this shows the educational vision that teachers in HW2 College want to realize-Harmony in diversity.

Speaking of which, 6B student Fung Tsz Ngo got 4th Place in his individual 100M freestyle. Though the outcome is quite satisfying, he never stops himself from chasing perfection. 'Because of the pandemic, the stadiums were closed most of the time in past two years. I could have done better if I had more time for practice.' He said.

## Gym Room Opening

For those who have intention to get fit, this message is for you!!! The gym room grand opening is scheduled on 11th November.

Orientation about how to use the gym room facilities safely has already been arranged by our beloved Ms Tsang. Students with good performance during the orientation will be given a booking card. What if you miss the orientation and still want to join? Please go to Ms Tsang for a test and earn your place for the reservation!
