校園喜訊

時光飛逝，我在協和二中

任教已第三年了。這三年是我人生中最幸福和幸運的階段，

盧老師

因為我見證了三個生命的誕生。首先是我們的協和二中，接著迎接我的兩個女兒芊睿 (Mika) 和芊玥 (Ruby) 的到來。新的生命代表著新的開始，新的機遇和挑戰。在陪伴她們成長的日子裡，讓我深刻地感受到新生命的朝氣蓬勃和改變。期望這三個新生命繼續茁壯成長，積極奮進，收穫美好而創新的未來。

蘇老師

驪歌高奏，李老師和蘇老師告別十九年的學生生涯，但與校園的緣份未敢言斷，只是身份變了。迎接未知、應付考驗，固然緊張難免，不過為學生奔波，出謀獻策，兩位新老師都意氣如虹，不遺餘力。

李老師

邁向新里程 多媒體室開幕了！

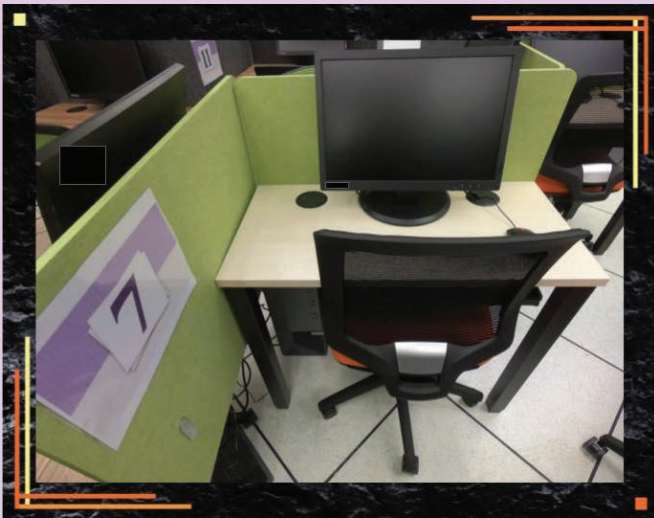

簡介

學校投入大量資源建設的多媒體室終於跟大家見面了！

多媒體室的啟用令學校應用資訊科技於教學又向前邁進一大步。本校希望可以透過先進及有效的學習設施，改善教育質素；提高學生的應用資訊科技能力，培養他們的自信及自學精神。為了充份使用這室，該處除了是正式的上課地方外，還會成為舉行課外活動的地點，讓同學們享受多姿多彩的校園生活。

STEM@多媒體室

為配合推動政府提出的STEM教育和豐富學生的課外活動經驗，我們學校於18-19學年成立「社會創新組」，舉辦的活動主要以STEM為主題，並積極鼓勵學生參加全港性STEM比賽。當中成績不俗，例如：

1. 2018年全港水火箭比賽
-- 公開組優異獎
2. 2019年未來工程師大賽
-- 「優秀科學教育創新導師」獎
3. 2020年教育局「商校合作計劃」
-- 全港iSTEM Starter比賽
- 亞軍及最具實用性獎

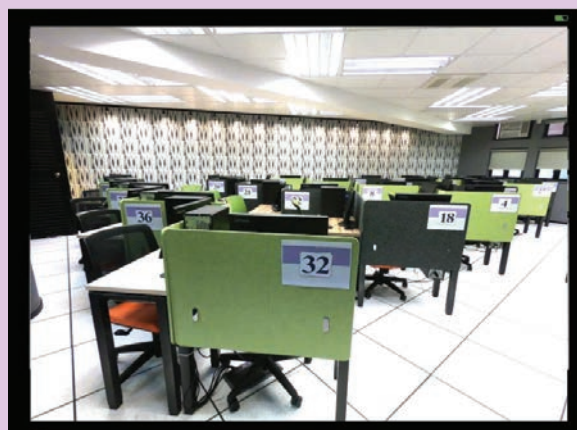

設立「STEM課室」，以一系列具延續性的課題，貫徹中一至中三學習階段的課程內容，例如3D設計及打印、平面設計及雷射切割、Arduino和Micro:bit學習課程等。讓學生循序漸進地學習，並提供實踐的機會，培育他們共通能力、STEM相關學科的興趣和「設計思維」。

資訊科技發展

近年科技發展急速，尤其在疫情下，資訊科技對我們來說更加重要。我們對資訊科技教育的發展亦不會停下來。

我們成立了Creative Room，目的是優化學校的資訊科技環境，培養學生善用科技及資訊科技的能力，提升他們的自主學習、解難、協作、計算思維的能力，加強創意、創新，甚至創業精神，並培育他們成為具操守的資訊科技使用者，以達致終身學習和全人發展。

同時，我們亦希望提供一個平台給老師們來進行研究及評估，持續發展資訊科技教育策略，不斷優化我們的學與教。

你問我答

記者：
43 陳穎彤、
羅偉浚、
鍾佳華

Miss Zhang RX

問：為什麼會選擇老師這份工作？

答：因為很多人說我適合當老師，而且感覺和年輕人多待在一起的話，自己也應該不會變老。

問：你認為做老師的最大難題是什麼？

答：當我很努力去教，但是學生沒有回應的時候，會很頭痛。

問：你平時會做甚麼運動？

答：我喜歡打排球，可是很久沒有打了，第一是現在很多運動場地暫停使用，第二是總是湊不到人一起打。

問：教師的工作很辛苦，那麼你空閒的時間會做什麼？

答：空閒時間喜歡睡覺發呆看劇，還有出去隨便逛逛，感覺我都是做一些沒有營養的活動。

問：為什麼會教英文？

答：因為我唸書的時候英文最好，所以乾脆大學選科就選了英文系，自然而然便當上英文老師了。

Mr Mok MT

問：平時空閒的時候會做些什麼？

答：平時空閒的時候，我都喜歡運動，尤其是打籃球。（水平不高）這一年疫情關係，打籃球的機會少了很多，現在會轉為看NBA和玩電動遊戲。最近我家多了一隻貓，我空閒的時候都會跟它玩耍。

問：可以分享一下最近看過比較有趣的電影/書本嗎？

答：最近看回兒時看的一本書，很有趣！書名叫《真假歷史之謎》，這本書會描述一些著名歷史人物或者事物不為人知的一面，例如：黃花崗七十二烈士的「未亡人」、「灰姑娘」童話源自中國、華盛頓從來沒有斬過櫻桃樹。讓我明白到這世上沒有百分百的真實歷史，在不同角度、不同理解、不同詮釋及不同信念下，就有不同歷史。

問：如果明天是世界末日，你想做什麼？

答：我會想跟親朋戚友開一個派對（不戴口罩），開開心心渡過最後一天。當然，我也會取消同學的功課！

Miss Chiu KM

問：平時空閒的時候會做些什麼？

答：禮拜六日在家的話其實主要是陪伴家人，由於疫情的關係，現在只能呆在家裡看看電視，聽聽歌之類。疫情之前的話會常與家人一起去郊外野餐，踩單車或者遠足等！偶爾心血來潮可能會做一些小勞作「例如手製筆筒，書籤之類」。

問：你最想去的地方是哪裡？為什麼想去那裡？

答：我最想去的地方是「南極」，南極是地球上最古老的土地！我覺得南極是一個很不可思議且神祕的地方，聽說地球上90%的冰都在南極，而且這些冰都是淡水～我想過去嚐嚐那些冰是不是真的不鹹～哈哈哈哈哈～我還想去南極看看企鵝和極光！

問：如果可以給你實現一個願望，你最希望是什麼？

答：現在如果給我一個願望讓我實現的話，我最希望「世界和平」，經過這個新冠肺炎的疫情，讓我驚覺世界和平不是必然。過去一年裡，幾乎全世界的人們都在與疫情對抗著，看著新聞上持續報導著各個國家的疫情情況，感染數據和死亡數據不斷上升時，每個人都人心惶惶～如果給我能實現的願望，我最希望「世界和平」回到正常不戴口罩，能看到每人臉上都掛著燦爛的笑容的時候。

自 小喜歡閱讀與寫作，散文、新詩、小說、近體詩、古詩，尤喜古文近體。律絕古體，各有相宜，新詩小說，亦是不同感情的載體。想來人生創作高峰期應是學生時代，少時曾拿過全港及全國的大學生詩詞比賽冠亞軍，斷斷續續亦拿過一些文學獎，年少以為這便是我生命的歸宿，後來才明白柴米油鹽也是人生。

少年時愛上層樓，強說愁的事做過不少，人生挫折亦遇過不少，當時還是靠寫作救贖我的生命。但願能與你們分享這件如此美好的事，寫作是一生的事，希望你們可透過詩文認識我本人。：)

Mr Cheung TC

其 實我小時候不是特別喜歡音樂。在12、13歲我看了一部電影——「不能說的秘密」，之後才開始接觸音樂及學鋼琴。自此音樂就成為我生命裏的一部分。記得當時不少人對我說都這麼大了，學樂器已經太晚。旁人的冷言冷語卻沒有令我放棄，我認為學習沒有分年齡，永遠都不算晚。每個人都可以玩音樂、接觸音樂，音樂可以陶冶人的性情。

而我最喜歡的樂器是鋼琴，因為鋼琴具有音域寬廣、表現力豐富，所以亦被稱為樂器之王。我平時比較喜歡聽中文歌多。最後，希望同學們透過這次分享認識我之外，還可以對音樂有更大的興趣。

Mr Yip KN

在 大學時，我和朋友為了贏取往日本旅行的獎品，參加了大專短片拍攝比賽，贏得冠軍，後來「MEMO子」便邀請我們加入。在「MEMO子」的工作分為兩部分，一部分是作為演員，拍攝短劇；另一部分是作為創作人，需要包辦設計內容、拍攝、演出、剪接、宣傳等部分。作為演員的部分較簡單，但我比較喜歡做創作人。

當時每兩星期會出一段影片，我會先構思拍攝內容，可能是遊戲、實驗、短劇等，然後將內容交給創作總監審核、商量，再約朋友、演員拍攝，然後開始剪接、加特效等的後期工作。待影片製作完成後再交給創作總監修改，再製作一分鐘內的短片及圖片放在Instagram宣傳。

最難忘的是最初加入MEMO子拍攝完第一條片後，當晚公司便約我第二日再拍攝，而且他們更邀請了一位藝人參加拍攝。當時感覺很突然，自己既沒有經驗，又未準備好。但幸好拍攝團隊經驗豐富，最終順利完成拍攝，而且學會很多拍攝和剪接的技巧。

李老師

Hello 各位同學大家好！我係任教生物科嘅Miss Lee～作為一個半桶水嘅營養學家，口水多過茶嘅我平時最鍾意就係指指點點，教人點樣可以食得健康嘅～

好開心喺2020年加入左協和二中呢個大家庭，認識到咁多位可愛嘅同學仔，同你哋一齊奮鬥努力！歡迎大家嚟搵我傾偈啊！

盧老師

大家好，我是盧老師。興趣對一個人來說十分重要，它可以減壓，可以結識朋友，甚至可以成為職業。有人喜歡唱歌，有人喜歡打籃球，有人喜歡畫畫……而我平時喜歡踢足球，有興趣的同學可以找我切磋下。希望大家可以發掘自己的興趣，堅持這個興趣，讓它陪伴你。

陳老師

各位同學，我是Miss Chan，我是一個非常傳統的中文人，喜歡文學、喜歡一切美好的事物。今年是我在這裡工作的第三年，很高興能見證你們的成長，「使生活如此美麗的，是我們藏起來的真誠和童心。」願你們能堅守初心，用真誠看待世界。

陳老師

大家好，我是Miss Chan，很高興加入協和二中這個大家庭。我對語言和文化有濃厚的興趣，因此我喜歡周遊列國，體驗各種風土人情、探索不同的生活。我最喜歡的國家是冰島，因為冰島有多變的自然地貌，讓我反思人類的渺小。

我亦鼓勵大家在中學時期多探索新事物，把握機會了解自己、認識世界。

張老師

大家好，我係臨梓聰老師，任教數學、科學及音樂。好開心可以加入地利亞協和二中呢個大家庭。在空餘時間，我中意去不同的國家旅行。我認為去不同的地方能夠幫助我們增廣見聞、學習其他國家的文化，亦可以放鬆心情。希望在未來日子裏，可以同大家愉快地成長。

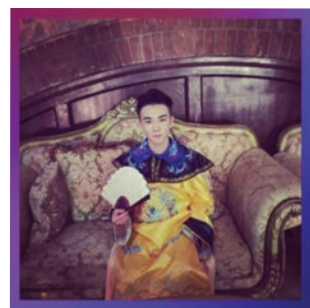

胡老師

大家好，我是胡銘泰老師。今年是我第十四年在本校任教，可以說是在本校年資最長（編者按：份量最重XD）的老師。我在校內主要是教授旅遊與款待及負責訓導工作。很高興在協和二中見到大家。

蘇老師

相信大家睇完我嘅閱讀分享，都知道我就係和藹可親，一啲都唔「寸」嘅蘇生。我嘅興趣係吹水同踩單車。好高興來到協和二中同大家一齊玩，一齊成長。作為一位經濟老師，我會成日教大家點樣可以喺人生路上，為自己爭取最大嘅利益，有興趣嘅快啲黎搵我果科，一齊變人生大贏家！

校長分享

「教育是用來改變世界最強而有力的武器。」

——這就是我於兩年前上任時所抱著的信念。我和同事們皆堅信天道酬勤，付出多少，收穫多少。在協和二中，我們深信人人可教可學，學習並不是苦事，而是要讓學生多體會、多經歷，從中獲取不同的知識，時時刻刻也可達成學習的目的。

作 為一名教育工作者和家長，我希望能秉持「終身之計，莫如樹人」之信念，我和我的團隊均致力營造一個良好的學習環境，採取開明的政策，向同學們灌輸熱愛學習的思想，自發向學才是成功的路徑。

為 促進學生學習，本校採取不同的教學策略：在初中推行專題研習及跨學科活動，誘導學生思考，讓學生「學會學習」、「體驗學習」；策劃高中課程時，本校建設不同的學習框架，層層遞進，每一層都適合不同學生的能力，讓他們循序漸進，進行更有效的學習。另外，本校亦致力建設一個理想環境，協助學生養成良好習慣，如建立閱讀習慣、培養自我反思能力等，使學生能終身受用。

「歲寒，然後知松柏之後凋」，青少年在成長的過程中，面對重重的挑戰與磨難，披荊斬棘，方能破繭而出，直指雲峰。除了提高學術水平外，我們更著重於學生的身心健康，並照顧他們成長的各項需要，以達成全人發展。在初中階段，學生須參加培養理財知識和抗逆能力的計劃，以活動形式學習理財概念及面對逆境時的處理方法；高中階段，本校與教育局、各大專院校、非政府機構和商業機構合作，引導學生探索出路，為其提供豐富的資訊和經驗，助其規劃人生，發展所長。

然 而，今年對我們來說也是一個重大的挑戰。面對社會動蕩和新型冠狀病毒，不安的浪潮席捲校園。猶記得學生臉上擔憂之情、家長們查閱學校的上課安排、教師開會討論為停止面授課堂而更改的網上教學策略等。然而，「停課不停學」，在家學習變得尤其重要。本校從速將教學模式從面授轉為電子學習，教師紛紛研究大小電子平台，進行專業交流，務求找到最有效的教學方法。此外，為了照顧不同家庭的需要，本校亦提供平板電腦、SIM卡以及相關技術支援，確保學生可以在家裡進行電子學習。

正 如尼采所言，「凡殺不死我的，必使我更強大」，這一年的挑戰也使我們的教學團隊變得更強大。我衷心感謝我的同事們，他們表現出崇高的敬業精神和專業水平。疫情期間，不少學生因疫情被困，身處不同的國家或地區，教師們付出大量精神和時間，定時致電學生及家長，除了為其提供課業上的支援外，更施以開導慰解，關心學生之身心健康。

本 校以開明和樂意傾聽為榮，肩負著培育未來人才的重任。「君子和而不同」，我們深信校內各員若能本著和睦友愛的精神，以學生利益為依歸，相互協作，定能求同存異，為學生謀求福祉。

在 此，本人祝願各位在新年平平安安，碩果累累，亦望疫情能盡快退卻，我期待能於校園聽到一眾學子之歡聲笑語，看到同學們神采奕奕地踏進校門的笑臉。

Childhood lies one's most precious memories, the good old days when our lives were worry-free and full of laughter. In school, teachers watch you grow and thrive, guiding you through the bumpy adolescent journey. Have you ever wondered what the mature blackboard users looked like when they were young and innocent? Let's hop on a time machine and reveal the youthful sides of our dear teachers. Can you guess who's who?

“Education is the most powerful weapon which you can use to change the world,” it was with this belief that I assumed office two years ago. For my colleagues and I too uphold the virtue of dedication, that pupils reap what they sow, and at the same time reject the notion that learning is almost always accompanied by suffering, that students cannot learn without pain and other convenient excuses.

As an educator and a parent myself, I have pledged to make changes for the better. Since then, I have endeavoured to foster a favourable environment, adopt enlightened policies and instil a love of learning into my students.

We have allowed our students to learn better through project-based learning and cross-curriculum activities in the junior form, and scaffolding in the senior form – dividing classroom materials into layers, each of which best suited to the abilities of different students, and moving them progressively towards stronger understanding. Also, the forming of favourable habits, for example, reading and self-reflection, which they can continue throughout the rest of their lives are important learning elements during the teenage development of our students.

Principal's Message

Apart from improving levels of academic attainment, we also take good care of their health and attend to their needs. In junior secondary, students are to take part in schemes that develop their financial literacy and resilience in the face of uncertainties. As they approach their graduating year, our teachers are guiding them to explore their future pathways with the help and support from the Education Bureau, different tertiary institutes, non-governmental organizations and business corporations in order to provide as much information and experience as possible for our students.

This year, however, has been very different for us. Waves of unease have swept over our school as we face social upheaval and coronavirus. I still remember the look of concern on the faces of our students. Class suspension has been instated and students are kept apart to keep all safe. Yet education is not to be halted; indeed, it is needed as much as ever. Thus, the mode of learning has been shifted immediately from face-to-face to an online one. Students are ensured that proper e-learning can be done at home with the provision of tablets and SIM cards and the relevant technical support from the School.

The challenges have allowed us to grow stronger together as a community. My heartfelt gratitude goes to my colleagues who have demonstrated dedication and professionalism of the highest order. They have done a fantastic job at facilitating academic and social exchange between students residing in different countries and as a steady guide, keeping their worries at bay.

Our school prides itself for being open and listening. Entrusted with the heavy task of nurturing future talents, we hold dear the importance of setting aside differences and coming together in the spirit of friendship and love, can we best serve the interests of our students.

And so, I wish you all a very peaceful and fruitful year ahead.

Teachers' Greetings

MR KEVIN KL

Hello! I am Kumar Kevin Labaro and I have been working in this school since 2020! So yes I am definitely new to this school. However, I am familiar with the culture here as I did graduate from Delia Memorial School as well.

I remember being a student like it was just yesterday, those were the best moments of my life. But life is a journey of constant learning, it never stops. We learn

something new everyday, and I believe that we all strive to be a better version of ourselves. Being able to teach the next generation and see my students success is my motivation to be here. Knowledge will bring you a long way in the future, but respect and kindness will bring you all the way.

MISS WONG PK

Have you ever imagined how much you can do or achieve in 15 years? Having been teaching in Delia for 15 years, the most precious and joyful moments are when I see my "kids" becoming responsible individuals and contributing to the community. That feeling is always indescribable. I hope all of you treasure your time in HwJ and grab as many learning experiences as you can to challenge you, interest you and lead you to ask more questions.

"We do not need magic to change the world, we carry all the power we need inside ourselves already." This quote from J.K. Rowling has always inspired me. The magic lies in us, in remaking ourselves that, in turn, will remake the world, changing it into better.

MR HEUNG CW

I am Mr. Heung Chi Wai and I have been working in this school since 2018. I believe that education is the key to success and everyone is put on this Earth to achieve something. I hope to help each one of you to be a better person and I do believe that you will be a good citizen who can contribute much to the society.

MR KHAN M

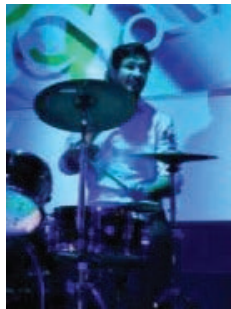

My name is Muhammad Khan, and I am living in Hong Kong since 2009. Since my arrival in Hong Kong, I have been bonded with Delia Memorial School (Hip Wo No.2 College). As a student, an alumnus, and now as a teacher, my role has been changed but my affection and passion for the school have only gone upward.

MISS LAM KY

Ciao! I'm Miss Lam. I have been working in Delia for 10 years. And I mainly teach Business, Accounting and Financial Studies. I like to cook whenever I have some spare time. If there is one thing that will not make me stressed, it's cooking. I love just going over to the stove and making something that not only will take my stress away, but eat some delicious food as well. How about your hobby? Share with me anytime.

MR PREM CB

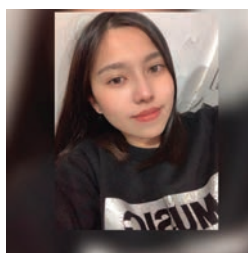

Dear students, I am Mr. Prem and I have been teaching at this school for the past 11 years. So, some of you have been with me for the past 6 years. It is time for some of you to say goodbye and some new students to say welcome. I have watched all of you learning and growing well everyday here in this awesome place. I hope that the things we have learned together have had helped you in some ways to be a good person. Wish you all a very bright future and thank you all for believing in us.

MISS PAK ST

Hello, I am Ms. Pak, I am a VA and NC Chinese teacher, also 6A class teacher. I must confess that usually, the position that I feel good is that of the student. Trying new thing is definitely an improvement for oneself. I love to learn different arts, painting, Chinese calligraphy.....etc. I hope you also can improve yourself in school. You mostly see me in room 101, it is a special VA room. Welcome to learn some arts here. See you!!!

MISS SO CT

Hello everyone, I am Miss So, teaching English and junior humanities at Hip Wo 2. It is my pleasure to meet all of you here. Let me share a little fun fact about me: I speak 5 languages (Canto, English, Mandarin, French and Korean). As I love travelling, I started learning foreign languages at University. I have always believed that a different language is a different vision of life. You can develop a new perspective in approaching life and thinking about the world. Look forward to sharing my passion with you all.

Mr Kevin KL

First started playing S3 for fun, then joined the summer volleyball training course organised by HK volleyball team. continued playing for fun ever since. Played in U.K. as a libero (receiver) for 5 months during my exchange, competed in the BUCS in U.K.

Why volleyball? Because it's fun and active. I tried other sports too like basketball, football, badminton and so on but I was always had more passion for volleyball. It reminds me of a much more intense childhood game, which is not letting the balloon touch the floor.

Mr Wong CH

I once aspired to be a writer - before I looked it up in a dictionary - a person who writes books or articles to be published, my thoughts perished and shattered into pieces my faintest hope and illusions.

Let alone the little confidence I invested into my works, that they would be appealing to a significant scope of voracious audience (judge it yourself), the very idea of writing for a living, as a life support system, delivering on tight deadlines, industriously, inch perfect, as though a machine, on days of fine weather and on days of poor, living in dreams which give you diabetes and off your back insomnia that do scares, than composing for the mere joy of writing, is simply beyond my imagination.

Thus slipped the slim chance through my hands from sheer cowardice. or that might just be wishful thinking, my knowledge that it is only in giving up, will I not give in to the horrors of having to axe the love of writing myself nor finding the exhilaration I derive from, deprived, that I will go on and live being a faithful writer for life.

One writes for varying causes, to keep an account of matters of practical importance, to register an unforgiving minute of flowing emotions and many more. Yet I, for one, find little interest in recording what has happened per se but the many ways an event can be recollected or interpreted, in which details are sometimes distorted or manoeuvred for telling a good story, either to or not to my advantage.

My works speak for themselves.

Dare You Answer

MISS Lee Tc

by 6B Yu Hui-chuan

Q. What's the most memorable thing you've done?

A. When I was a sophomore back in university, I organized the very first Festival for my college as a team leader. We spent nights creating games and making decorations out of recyclables. We burned the midnight oil until our brain juice was all drained and our bodies got turned off. Those were the days when the misery and joy became indistinct. For all the suffocating experience, the sense of satisfaction came with the birth of my "baby" could never be beaten.

Q. If you could travel back in time, would you make amends for the most regrettable thing you've done?

A. No, I would not! I enjoy my life right now and hold the belief that past experience, no matter how regrettable, made me the person I am today. If I am granted the chance to travel back in time, I wish to do nothing but simply linger around with my lost loved ones. Wrong decisions may still lead to appreciable results. But once someone left your life for good, there is no way you can turn the clock back.

Q. Shall you pursue further studies, will you stick to the Science track or start anew with Humanities?

A. I am planning to continue my studies in nutritional sciences someday. Being a dietitian has always been something I aspire to since my failed attempt in losing weight and near-anorexic experience back in Secondary school. Health is one's most precious treasure and I would love to play a part in safeguarding the world's fortune.

Q. As a fresh graduate yourself, what'd you like to say to the F.6 students?

A. In the life ahead of you, you may be confused. You may feel powerless. Sometimes days feel like years. Very often, you will be under gigantic pressure. Wrong decisions are most likely. Panicking will not be a stranger to you, that's for sure. And, you get hurt. But aren't these the building blocks of our paths to success? Looking back, I have grown so much without even noticing. Stop and take a break when you are feeling breathless. But please don't quit as only the persistent ones are capable of reaching the stars. Let's all shine together.

Mr Wong CH

by 3A urmeneta Alfonso Joaquín Ignacio

Q. What's the hardest part of teaching?

A. To be heard and make your audience listen. The job of a teacher is in many senses the job of a postman, only in addition to delivering mails, a teacher urges too his pupils to go take a paper knife, read the letter, understand the message and have it absorbed.

Q. Is there anything you wish you knew before you became a teacher? What's the best part about being a teacher?

A. Yes. The thousand ways to be a better student. The best part about being a teacher? I could have written an essay on arguing which is the best part about being a teacher, or alternatively merely listing out the many perks of being a teacher, but I think it is to your advantage (and mine) to simply include a brief response from me here -being able to engage in such a debate.

Q. When did you first start teaching as a teacher?

A. When I first started learning as a student. Teaching is not an exclusive right of "teachers" holding chalks and in grubby clothes, for learning and teaching are pretty much the same thing, reciprocal and irreplaceable to each other. One learns as one teaches.

Mr Wu MT

by 5c Su Qiu-huang

Q. Have you thought of going on a diet?

A. Every year, but to no avail.

Q. Was life difficult when you were young?

A. I wouldn't go as far to describe it as difficult, for we all have our crosses to bear and different challenges to embrace as we grow up. I'm more inclined to regard those difficulties as opportunities for one to mature.

Q. How do you manage to stay positive and keep yourself motivated?

A. By living by the famed Buddhist motto of "There is no wisdom tree; nor a stand of a mirror bright, Since all is void, where can the dust alight?". Also, I remind myself nothing is impossible as long as one wills.

Opening of Multi Media Room

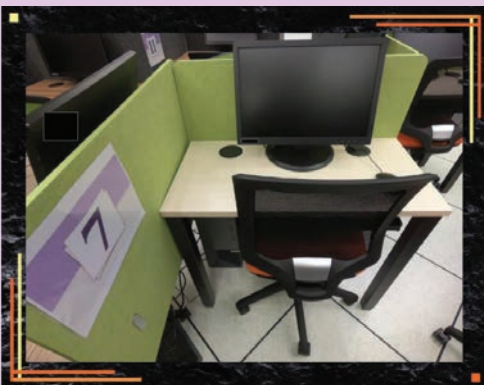

Introduction

In the midst of this dreary winter, a quiver of excitement ran through the whole school as the multi media room (MMR) is finally ready! Let's get inside and have a look!

The opening of MMR is definitely a great step forward for applying information technology to teaching. It is our ultimate desire that with this prominent leap towards advanced learning equipment, our education quality and students' ability on self-learning can be significantly boosted. In order to fully utilize this room, apart from being a classroom, this room will also be a site for ECA.

STEM@MMR

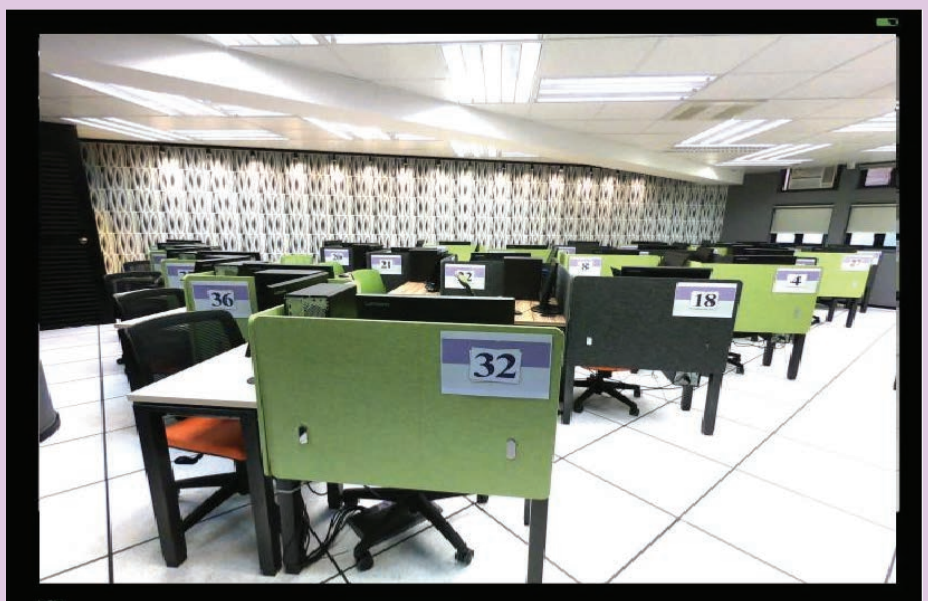

To facilitate STEM education in school as proposed by the government and to enrich students' experience on extra curricular activities, our school has set up the "Social Innovation Club" in 2018-19, organising and promoting STEM activities among students. Our students' performances were extraordinary. For instance, we have won the

1. Hong Kong Water Rocket Competition 2018
--Merit Award for Open Group
2. Future Engineer Competition 2019
--Junior Secondary School Section Excellence Award
3. iSTEM "InnoTech for Future" scheme - Starter Competition 2020
--1st-Runner Up & The Most Practical Product

Our school plans to establish a regular STEM curriculum and set up "STEM classroom" in 2021-22 which will cover the syllabus of S.1-S.3 curriculum through a series of extendable topics, such as 3D design and printing, graphic design and laser cutting, Arduino, Micro:bit and so forth. This allows students to learn gradually with practical opportunities to help them develop generic skills, interests as well as design thinking on STEM-related subjects.

IT Development

With rapid development of modern technology, information technology has become more and more important these days, especially under the global pandemic. To better the technological learning environment in our school, we have established the Creative Room, providing more resources to enhance students' ability in self-learning, problem-solving, cooperation as well as computational thinking. It also helps cultivating our students to be a responsible user of information technology while boosting their creativity or even their interests in entrepreneurship to reach a lifelong wholesome development. Meanwhile, our school wishes to offer a platform for teachers to study and assess the teaching strategies of information technology education and continue to raise our teaching quality.

Mr Lo CN

This year marks my third-year anniversary with Hip Wo No. 2 College, an occasion made ambiguous by the swift river course

of time. I am glad to have spent the past three years in bliss and tranquility, as a witness to the births of three: our College and my two daughters, Mika and Ruby. It is in my belief that births signify beginnings, new opportunities and challenges. In the brief time with them, I have seen them grow and myself, showering in sunshine, grown with aspirations for changes for the better. My humble wish goes to praying for their every endeavour, health and bright future.

Mr So KF

Singing along to Auld Lang Syne, Ms Lee and Mr So bid farewell to being a student for 19 consecutive years, nonetheless, find themselves once again commencing a new academic term, assuming distinct roles in a familiar but unfamiliar environment. Anxious and weary of the unknown no doubt, the pair nevertheless shares the same faith and fighting

spirit to serving the best interests of their students, however bleak the circumstances might be.
